305-783-4361 | veronikasaiadian@gmail.com | [LinkedIn](#) | [GitHub](#) | [DevPost](#) | Burbank, CA

Programming & Technical: Python, JavaScript, HTML, CSS, Java, SQL (basic), Git

Soft Skills: Agile Team Collaboration, Public Speaking, Leadership, Peer Mentorship

Tools: Visual Studio Code, Unity, Google Suite, Microsoft Word

Languages: English(Proficient), Ukrainian(Native), Russian(Proficient)

EDUCATION

University of Southern California (USC)

Bachelor of Science in Computer Science

Expected: May 2028

- Incoming Transfer Student – Starting Fall 2025

California State University, Los Angeles(CSULA)

August 2024 - May 2025

Bachelor of Science in Computer Science & Physics (Double Major) | GPA: 3.89

- Relevant Coursework: Intro Python · Calculus 2 · Intro Technical Writing · Intro Algorithms · Intro Relational Databases · Linear Algebra · Physics Mechanics
- Selected to represent communication class in university-wide persuasive speech competition; advocated for algorithm transparency and media literacy in front of judges and peers

EXPERIENCE

Forged Vault Games

December 2024 - Present

Game Developer

Remote/CA

- Designed 3 game levels for alpha testing using Unity and C#; scripted camera transitions
- Collaborated with a peer designer on level layout and mechanics; contributed to team planning for design direction

Girls Who Code | Summer Immersion Program

July 2024 - August 2024

Remote

- Developed websites using HTML, CSS, and JavaScript, including an educational platform on the war in Ukraine and an old-style personality quiz
- Explored machine learning, and using starter code, utilized libraries to train a Decision Tree and explored the basics of constructing a neural network model with Python
- Gained hands-on experience with NumPy, pandas, and Matplotlib for data preprocessing and visualization

Nobel Explorers

November 2023 - July 2024

Intern

Remote

- Co-facilitated a Pitch & Presentation course for 12 interns, offering personalized feedback and leading interactive leadership sessions
- Completed coursework in leadership, pitch development, internet troubleshooting, and web design

The New York Academy of Sciences | The Junior Academy

August 2023 - September 2023

Member & Participant

Remote

- Led the presentation, surveys, and data management for a team of 6, prototyping an online forum to enhance accessibility to arts education
- Collaborated with a mentor to explore the role of AI in virtual reality learning platforms

LEADERSHIP & ACTIVITIES

Hacktech 2025 | CalTech Hackathon

Project: AI-Powered Memorization Assistant

- Engineered prompt workflows to align the model's outputs with organizational needs, reducing irrelevant results and enhancing decision support
- Used OpenAI APIs, Google Colab, and Anvil to prototype the assistant and demonstrate intelligent summarization and actionable insights
- Collaborated with a teammate on UI and logic workflows, inspired by console-based tools, to prioritize usability and clarity for business teams

Association for Computing Machinery(ACM) | CSULA

September 2024 - February 2025

Administrative Officer

- Led logistics and planning for club events including game night and study marathon
- Created and distributed weekly newsletters to 80+ members with curated internships, networking events, and technical opportunities
- Recorded meetings to ensure task alignment and accountability across 5 club committees

Schoolhouse

December 2024 - Present

Tutor

Remote

- Provide on-demand support and tutoring in Calculus 1 and 2, assisting learners with their academic questions
- Actively preparing to certify in additional subjects to expand tutoring offerings
